The Summary of Benefits and Coverage (SBC) document will help you choose a health plan. The SBC shows you how you and the plan would share the cost for covered health care services. NOTE: Information about the cost of this plan (called the premium) will be provided separately.
This is only a summary. For more information about your coverage, or to get a copy of the complete terms of coverage, call 1-800-251-5014. For general definitions of common terms, such as allowed amount, balance billing, coinsurance, copayment, deductible, provider, or other underlined terms, see the Glossary. Important Questions	Answers	Why This Matters:
What is the overall deductible?	**$750**/individual, **$2,250**/family	Generally, you must pay all of the costs from providers up to the deductible amount before this plan begins to pay. If you have other family members on the plan, each family member must meet their own individual deductible until the total amount of deductible expenses paid by all family members meets the overall family deductible.
Are there services covered before you meet your deductible?	Yes. Contract and out-of-area provider office visits, online visit, emergency room care for an emergency medical condition, contract provider preventive care, adult physical exam benefit with non-contract providers, preventive care for children with an out-of-area provider, outpatient prescription drugs, dental and vision expenses.	This plan covers some items and services even if you haven't yet met the deductible amount. But a copayment or coinsurance may apply. For example, this plan covers certain preventive services without cost sharing and before you meet your deductible. See a list of covered preventive services at https://www.healthcare.gov/coverage/preventive-care-benefits/
Are there other deductibles for specific services?	No.	You don't have to meet deductibles for specific services.
What is the out-of-pocket limit for this plan?	The medical coinsurance maximum for contract providers is **$3,000**/individual. The out-of-pocket limit for cost sharing for contract providers (includes copays and coinsurance) is **$5,275**/individual; **$10,550**/family. The out-of-pocket limit for in-network outpatient prescription drugs is **$1,875**/individual, **$3,750**/family.	The out-of-pocket limit is the most you could pay in a year for covered services. If you have other family members in this plan, they have to meet their own out-of-pocket limits until the overall family out-of-pocket limit has been met.
What is not included in the out-of-pocket limit?	Medical out-of-pocket limit does not include premiums, balance-billing charges, penalties for failure to obtain preauthorization, outpatient prescription drugs, dental/ vision expenses, non-contract provider cost sharing (except for emergency room care for an emergency medical condition) and health care this plan doesn't cover. Prescription drug out-of-pocket limit (in-network) does not include premiums, balance-billing charges, amounts over generic equivalent cost if you choose a brand drug when a generic is available, medical expenses, dental/ vision expenses, out-of-network pharmacy expenses, and health care this plan doesn't cover.	Even though you pay these expenses, they don't count toward the out-of-pocket limit.

Important Questions	Answers	Why This Matters:
Will you pay less if you use a network provider?	Yes. See www.anthem.com/ca or call 1-800-251-5014 for a list of contract providers in California. For a list of Blue Card contract providers outside of California, see www.bluecares.com or call 1-888-810-2583. For a list of chemical dependency providers, call Assistance & Recovery Program (ARP) at 1-800-562-3277.	You pay the least if you use a contract provider. You pay more if you use an out-of-area provider. You will pay the most if you use a non-contract provider, and you might receive a bill from a provider for the difference between the provider's charge and what your plan pays (balance billing). Be aware your network provider might use an out-of-network provider for some services (such as lab work). Check with your provider before you get services.
Do you need a referral to see a specialist?	No.	You can see the specialist you choose without a referral.

 All **copayment** and **coinsurance** costs shown in this chart are after your **deductible** has been met, if a **deductible** applies.
